

The German International School is located in the heart of Abu Dhabi, the capital of the UAE by the Arabian Gulf.

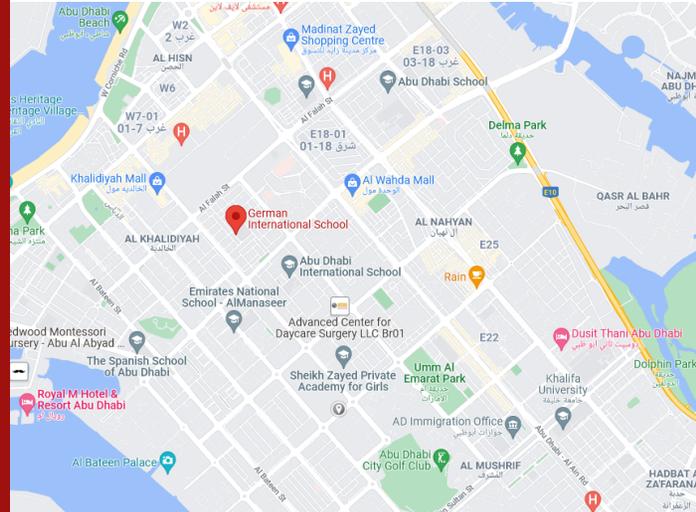

The bustling city has been ranked one of the safest and most liveworthy cities in the world. Abu Dhabi is very open minded, rich in culture and offers a variety of leisure activities.

The German International School has a long tradition in Abu Dhabi. In our Kindergarten, we work specifically with the principle of "Learning through Play" and accommodate German-speaking children between 3-6 years and non-German-speaking children from 3 years. Preschool children receive an adequate program to prepare for entry into primary school.

For children with the need of German language support we intensively teach German as a foreign language (DaF) and implement a systematic language immersion.

At the age of 6, our preschoolers become proud first-graders, who enter Primary School in a familiar environment.

About us

As the one and only German Kindergarten in Abu Dhabi, we not only convince with education "Made in Germany", but also with our pedagogical concept that is centered around the needs of the children.

The most important aspect for us is creating and maintaining a respectful, suitable and educational space for the children in order to offer them the best possible environment to grow and learn while supporting their individual needs.

Our groups mix children of all age groups from 3-6 years.

Currently, we have one Head of Kindergarten, around 15 Kindergarten teachers and 13 assistants who are passionate about creating such a setting for all our curious, precious and unique little souls.

The kindergarten currently hosts nine groups with the maximum of 16 children. In total, more than 130 children visit the kindergarten.

Excellent German School Abroad

Exzellente
Deutsche
Auslandsschule

The German International School (GISAD) in Abu Dhabi (est. 1976) is rated as an "excellent German School Abroad", regularly ranking "very good" among ADEK.

"To open children's eyes to the world is our wish - to make them strong for life is our task."

(Maria Montessori)
