Parents' Council Regulations of the German International School in Abu Dhabi came into force on 09.06.2015

### **1. Parents' evenings and parent representatives**

Parents' evenings can be convened and led by the respective parents' representative or at the beginning of a new school year by the class teacher. At the request of one quarter of the parents, the head of the school or the class teacher, a parents' evening must take place within two weeks.

The invitations must be sent out at least one week before the parents' evening and must contain the agenda.

Class teachers should attend the parents' evenings. The headmaster or his representative and the other teachers of the class may attend.

At the parents' evening, the main events in the life and work of the class and school should be discussed.

The guardians of the pupils of a class or the guardians of the children of a kindergarten group each elect a parent representative and his or her deputy from among their number.

### **2. Election of the parents' representative**

The legal guardians of the respective class have a quorum if the majority is present.

The election of the parents' representative and his or her deputy must take place within four weeks of the start of school.

The legal guardians appoint an election supervisor from among their number. The election is made in writing, by agreement of all, also openly in the presence of the candidates.

The legal guardians have one vote for each child. Teachers of the school, kindergarten teachers, members of the School Society Board and family members of this group of people cannot be elected as parents' representatives. Each family can only have one parent representative per class.

The candidates who receive the most votes are elected. In the event of a tie, a run-off vote is held and re-election is permitted. Those elected declare whether they accept the election. If an elected person does not accept the election, the candidate with the next highest number of votes takes his place.

Parents' representatives work on an honorary and unpaid basis.

### **3. Tasks of the parents' representatives**
